### Vancouver Local Scarlett Bruns' Star On The Rise

**Vancouver December 21, 2012** – Local Vancouver, BC actress Scarlett Bruns' star is certainly on the rise! After appearing in Cannes Film Festival's magazine 'All Lights' this past May, which featured her film project '*Heart of Dance*' written by Scarlett who also plays the lead and is producing, her star has been on a steady upward trend. This is evident both literally and figuratively, as her IMDb star meter has been hanging out at a comfortable top 5000 for the past 6 months! Scarlett's upcoming year is proving to be jam-packed, and the year hasn't even begun! From January to March, Scarlett will be playing smart-mouthed detective Natalie Costigan in the TV Series pilot '*Tide Waters*,' shooting in Vancouver. Pre-production for Scarlett's project '*Heart of Dance*' is scheduled to start in late February and shooting is projected to begin in July 2013. As the summer comes to a close, Scarlett will be gearing up to play the leading role of Emma Carlton in the romantic comedy '*Lost Luck*,' directed and produced by Norman Gerard. '*Lost Luck*' will be shooting in Calgary Alberta, Canada and filming begins in October 2013.

Scarlett is also lending a helping hand to numerous indie projects in the Vancouver area, including the feature film '*Radio Daze*,' in which she appears and is helping to kick start. Always in full-time 'go' mode, Scarlett has begun working with the charity organization Normal <http://www.normal-life.org>. She will be acting as a guest speaker at high schools across North America to help promote positive body image in teens, a topic Bruns says is close to her heart and which also ties in well with her film '*Heart of Dance*.' In addition to supporting independent film and charities, Scarlett also donates her talents as a Casting Director to local low-budget projects like the TV Show '*Citizen*' and local student films. Most recently Scarlett has taken up residence as a modeling agent at BC agency JL Model Talent Management. Scarlett has a unique eye for scouting models as she is indirectly immersed in the modeling world through her younger sister who is an international runway and print model.
